**Michael and Gabriel.** A view of these persons, which will surprise many persons, is presented by Dr. Howard Crosby in a recent article. He suggests that both are more than angels. Their actions and words, the representation of them that we have in the Scriptures, show that they are manifestations of the Son of God. That He should announce to Mary His own birth does not militate against this view when the Divine elements of the matter are regarded. From this standpoint Michael is the Son of God as the strong contestant against Satan for His people, and Gabriel is the Son of God in His loving proclamation of the good tidings. When it is remembered that so much of our common knowledge of angels and archangels comes from unscriptural sources, this argument, based on Scripture, will seem quite plausible.
